## → BRAND MISSION

Deviating from your normal path, venturing into the unknown, travelling longer distances or simply challenging the daily traffic to reach the office.

For Kappa it doesn't matter. As the most important thing is that you do it in full comfort and safety and that you do it on two wheels, in your own individual way. For 60 years Kappa has devoted all its efforts to improve the lives of riders. Roads, open spaces and horizons have become the central

characters. Our history, and that of our products, are just a backdrop to each individual rider all over the world. Kappa chose to express and share its passion for two wheels, working hard day by day, trip after trip, for every solution, with every material, devoting everything to those who live their lives on their motorcycle.

Kappa symbolizes the values of quality and reliability associated with Italian manufacturing, which is universally recognized worldwide for its distinctive features. Choosing to merge artisan culture, a passion for motorcycles and innovative design, we are able to offer to the marketplace cutting-edge products, designed to ensure comfort and safety, guaranteed by a team with more than half a century of history and experience. With a market presence of almost almost sixty years, Kappa's experience can be considered one of the most solid and viable in the production of accessories for the world of motorcycling. After the success of the first top-case (N9900) in 1980, production has been extended and specialized, thanks to the desire to satisfy every riding need. This ultimately evolved into the creation of a wide range of racks, windshields, screens, engine guards, backpacks, helmets and accessories with a modern and innovative design, able to meet the expectations of the modern rider, ensuring a perfect quality to price ratio.

### MONOKEY® FITTING SYSTEM

Monokey® is the fitting system for panniers and top cases most famous both for bikers and scooter riders all over the world.

Patented by GIVI, adopted by KAPPA, the Monokey® has introduced the possibility to operate with only one key both for the opening of the top case and the detachment of the case from the fitting plate. It is universally famous for its mechanic characteristic, that permits the user to travel in complete security and also for an adventure use, thanks to the high level of rigidity of the system, combined with compact and light components.

The secret is the uniform distribution of the load on the plate surface, guaranteed by the three fitting points, which are placed in such a way to obtain the widest possible contact surface. The damping of oscillating and vibration and the contact between the bottom shell and the plate are assured by four spacers made of elastic material, which is particularly resistant to extreme weather and temperature variation. Thanks to these solutions a high level of reliability of the fitting is guaranteed even under the heaviest stresses and strains over the years.

#### MONOLOCK® FITTING SYSTEM

Projected to offer a wider range of applications and uses of the top-cases, the Monolock® system has been conceived for lighter vehicles, such as scooters and maxi-scooters, used mainly for short/mid range commuter transport requirements. The Monolock®, introduced by GIVI, follows the same philosophy that defines the Monokey® fitting system, like the opening of the case top shell and the detachment of the case from the plate with one key only-thought to support less weight, without losing nothing in reliability and performances, but obtaining characteristics of lightness and more reduced overall.

#### RETRO-FIT FITTING SYSTEM

RETRO-FIT is the new mounting system that opens new opportunities for the rider, allowing him to attach a set of aluminum K-Venture side cases to any existing KL and KLR mounts, originally designed for Monokey® cases. With this quick and secure adapter, it takes seconds to attach and detach the cases, without using any tools: the bottom part slides over the prongs on the bracket, while the top part is secured using two quick release fasteners, that fit to the included support which replaces the standard Monokey® locking wedge

#### MONOKEY® CAM-SIDE FITTING SYSTEM

The KAPPA K'FORCE are cases especially created for off-road use. To support all the demands of off-road travel, a fitting system and side-case holders stronger than standard Monokey are required.

Patented by GIVI, adopted by KAPPA, the Monokey Cam-Side system has been developed which fixes the case in four different points whilst at the same time maintaining the possibility to be released quickly from the rack. The specific side-case holders are the KL\_CAM / KLR CAM / KLO CAM / KLOR CAM.

### MONOKEY® SIDE FITTING SYSTEM

This system represents an interesting alternative for the biker interested in mounting on his bike a pair of panniers.

The innovative elements that characterize the Monokey® Side can be recognized by the shape of the inclined holder and by the two fixing points, composed by "sleds". The latter receive the disengagement movement from the case release button and determine a significant and further increase on overall stability. The Monokey® Side allows to obtain a major adhesion of the case to the side of the motorcycle, improving the aerodynamic aspect.

As the two previous systems, also the Monokey® Side makes use of the comfortable and rapid opening system and release with the same key.

#### FIXED FITTING SYSTEM

This fitting system, developed by KAPPA, is the most universal from the ones previously described. Designed for scooter boxes from the KCY25 range and for the model KCY14N for bicycles, it uses the bottom as a base for a secure and stable fitting on all vehicles equipped with luggage carrier. The kit is complete of metallic supports and screws. With very simple modifications, practicable by the user, the KCY25 and KCY14N top-cases can become compatible with the original luggage carriers present on the market.

# FITTING SYSTEM **MONOKEY® CAM SIDE**

FOR K'FORCE SIDE CASES

The new mounting system uses reinforced, 18mm diameter tubolar frames and 4 connecting points, for improved stability. Anti-vibrations insterts have been added to better withstand the abuse of adventure touring. The top die-cast aluminum bar includes two "CHECK CONTROL" indicators, that give a visual confirmation of the correct connection of the case to the frame. **GREEN**: case correctly connected RED: case not fully connected

#### **TECH INFO**

### MORPHING METAL LOCK PATENTED SYSTEM

MML (Morphing Metal Lock) benefits from the "shape memory" of a special type of metal, used here as bars sewn internally that follow the movement of the closing flaps and can then be folded beneath the ends.

This operation enables hands to be moved out of the way without the bag opening and means the bag can be fully closed using the dedicated adjustable, crossover strap.

## KS604

#### KS604

Heated handlebar covers with universal mounting.

In addition to providing excellent passive protection from the cold, thanks to the quilted polyester fabric, the muffs can also be heated by connecting them to the motorcycle's battery.

The heat level is adjustable through a 4 settings switch: 40% (WHITE), 60% (LIGHT BLU), 80% (PURPLE), 100% (RED). The extra heat allows to wear lighter gloves, improving the hand control. Installation is simple, thanks to a quick mounting system that does not require the removal of the handlebar end weights.

There is a heating element inside these handlebar grips which heats up while remaining flexible and without overheating.

They warm up quickly (in approximately three

They warm up quickly (in approximately three minutes), eliminating the issue of the winter cold once and for all. There is no danger of an electric shock because the voltage is very low.

In addition to connecting directly to the motorcycle battery, it is possible to connect them to the KAPPA Power Hub kit via a USB port [product code KS110 + KS111].

MOUNTING OF THE SCREEN SPOILER

# → MOTORCYCLE ACCESSORIES TECHNICAL ACCESSORIES

#### **ENGINE GUARDS**

Conceived with the aim to provide lateral protection of the engine, not only on trail motorcycles, but also naked and custom motorcycles as well as unfaired and semifaired models. Should a motorcycle fall whilst located on its stand and it is equipped with an engine guard, the damage sustained by the engine would be greatly reduced. The wide range of engine guards developed and produced by KAPPA includes specific solutions for a wide variety of motorcycle models. For custom motorcycles, engine guards are available in a chromed version.

guards are available in a chromed version.
The characteristics of the materials used offer excellent performance, guaranteed by KAPPA expertise.

Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.

Material: metal

Finished in black mat or chromed depending on the different motorcycle models

# **BACKRESTS**

KAPPA satisfies not only the motorcyclists' needs, but the passengers needs too. A wide range of specific backrests made in Polyurethane foam, provides more comfort to the journey of the passenger. It can be mounted with or without the case (it depends on the model of the case).

You will find some mounting examples, please view our list in order to verify the availability on other motorcycle models not illustrated in here.

Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.

Holders material: metal Backrests material: Polyurethane foam

# **OIL CARTER PROTECTOR**

Specifically designed based on the motorcycle model, the aluminium oil carter protectors make the image of maxienduro even more "off road"; they also protect the oil carter from rocks, bumps and holes that can be found, as well as when off-road, even on less challenging roads.

Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.

Material: aluminium

#### **MUDGUARD**

Specific mudguard, black colour

Material: ABS

Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.

# STAND EXTENSIONS

The purpose of the range of Base Extensions is to extend the surface area of the side stand, reducing the risk of a motorbike falling when it is parked on uneven surfaces such as; mud, sand, grass or asphalt during extremely high temperatures. Produced in anodized, milled and satin aluminium with the high support made of satin INOX 316L steel and designed with a hard technical aspect, the stand extension integrates perfectly with your motorbike

Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.

#### **RADIATOR GUARD**

Stainless steel specific radiator guard black painted

Material: Stainless steel black painted

**Z278K** 

Universal adapter to fit a 2/4-fixing-points screen on motorcycle equipped with non-tubular handlebars

# **UNIVERSAL WINDSCREENS | 4 JOINT POINTS AIRSTREAM**

KAF49	Universal sliding wind- screen, transparent, with 4 point handlebar, complete with fitting kit KD45 to be mounted instead of the original screen Maximum height 53 cm (12 cm of extension) width 52 cm	
KD45	Only fitting kit for KAF49	
Z1963RK	Airstream guide latch spare parts	

AIRSTREAM is the universal adjustable windscreen. The transparent polycarbonate spoiler can be moved along a 12cm axis and once at the desired height, it is secured with two sturdy plastic clamps. For increased protection against the wind, Airstream has been designed to create an aerodynamic effect which can limit possible turbulence to a minimum. To this characteristic we need to add the increased riding safety in the event of rain, achievable by completely lowering the spoiler. This operation eliminates the drops effect on the glass, which along with that formed on the helmetis visor, distorts images and is aggravating when riding in poor lighting conditions or after sundown. Airstream can also be easily left mounted during the summer months: the motorbike would simply have the lower section mounted to the vehicle and the moving spoiler would be completely removed.

# MONORACK® K.. - KZ... - K...L

Highly tested and compatible with the whole range of KAPPA MONOKEY® and MONOLOCK® cases, the MONORACK fitting system for top-cases is composed of a light alloy or plastic plate mounted by the exclusive a every situation. Practicality and ease of use are guaranteed by the quick and essential assembling/disassembling system and by the availability of specific fitting Kits for the latest motorcycle models.

Universal rear rack for MONOKEY® or MONOLOCK® top-case without plate and joint set K1200

TO BE COMBINED WITH THE MONOKEY® K553N PLATE, OR WITH THE

MONOLOCK® MKN PLATE

### KL ONE-FIT →NEW

The **KL ONE-FIT** system is based on a single, bike specific tubular support on which it is possible to mount different kits depending on the fitting system of the chosen case.

In this way, even after years of intense usage, it is possible to replace the mounted cases, with a new model of hard bag from the different fixing system, maintaining the same tubular frame.

For more rigidity, stability and strength, the frame is made with a diameter of 18mm (instead of the 16mm of the previous K L \_ ).

### KL0

Tubular with 18mm diameter

KL / KLX

Tubular with 16mm diameter

The classic frames KL\_ (Monokey) and KLX\_ (Monokey Side) can be configured as RAPID RELEASE

[KLR\_ or KLXR\_] with the addition of an RKITK. Pre-configured R-frames will no longer exist

The KL ONE-FIT will exist exclusively as a complete code, specific for each model of motorcycle, already configured with the suitable fixing system for the chosen case model.

KLO\_ MK MONOKEY® configuration

KLO\_ CAM
MONOKEY®
Cam-Side
configuration

K'FORCE 48 / 37 lt

K'MISSION 36 lt.

KAPPA GARDA 46 / 35 /33 lt

K40 / K22

The KL ONE-FIT in some cases can be configured as RAPID RELEASE [KLOR\_MK or KLOR\_CAM] with the addition of an RKITK.

Each configuration will be specific for each motorcycle model, because some frames will not be convertible to Rapid Release.

KLO\_MK
+ O\_RKIT
MONOKEY® RAPID RELEASE
configuration

KLO \_ CAM
+ O\_RKIT
MONOKEY® Cam-Side RAPID
RELEASE configuration

For some motorcycle models, the KL ONE-FIT RAPID RELEASE will exist as a frame already configured (KLOR\_MK or KLOR\_CAM), without having to add the RKITK.

KL\_ + O\_RKITK MONOKEY® RAPID RELEASE configuration KLX\_
+ 0\_RKITK
MONOKEY® SIDE
RAPID RELEASE
configuration

Some frames will not be convertible in Rapid Release.

01RKITK	RAPID RELEASE kit
02RKITK	RAPID RELEASE kit
03RKITK	RAPID RELEASE kit
04RKITK	RAPID RELEASE kit
05RKITK	RAPID RELEASE kit
06RKITK	RAPID RELEASE kit

EACH CONFIGURATION WILL, IN ANY CASE, BE SPECIFIC FOR EVERY MODEL OF MOTORCYCLE

### **SPARE PARTS**

KOFCAM

A private customer who has purchased a KLO\_MK chassis, in case of a future purchase of a Monokey Cam-Side case, will have the possibility to buy the KOFCAM kit for the conversion of the fixing system, without having to buy a new frame.

Vice versa, to transform a KLO\_CAM frame into Monokey,
just the KOFMK spare part kit will be needed.

#### GENERAL CONDITIONS OF SALE

#### Definitions and Interpretation

- (a) For the purpose of these General Conditions of Sale, the following words and terms shall have the meaning set forth below:
- "Supplier" means GIVI S.P.A., having its registered office in Flero (BS), Via Ungaretti n. 48;
- "Products" means the goods and/or services supplied by GIVI S.P.A. and covered by these General Conditions of Sale;
- "Trademark[s]" means "KAPPA" trademarks and other trademarks of which the Supplier is the owner in respect of the Products:
- "Distributor[s]" means any natural or legal person purchasing the Products for the purpose of their distribution, in accordance with these General Conditions of Sale;
- "Price List" means the official price list containing the Products' prices applied by the Supplier to the Distributor, in force at the time of the order proposal;
- "Territory" means the territory where the Distributor is authorized to sell the Products:
- "Agreement" means any agreement entered into by and between the Supplier and the Distributor in accordance with these General Conditions of Sale.
- (b) These General Conditions of Sale shall govern the supply of the Products represented in the Price List and they shall be valid for any sale arrangements carried out through the Supplier's e-commerce platform. Use of the e-commerce platform (i.e. "KAPPA Web-Order") shall be allowed exclusively to the Distributors expressly authorized by the Supplier and provided with the required password and credentials.
- (c) It will not be possible to proceed to an order reservation if only one single provision of the present General Conditions of Sale will not be accepted.
- (d) The following terms and conditions are deemed to be accepted and binding for the Distributor even when the Distributor submits his order proposal through a means different from the "KAPPA Web-Order" system and they will be valid also when the contractual proposal has been submitted to the Supplier by the Distributor's local agent on his behalf. In such case the local agent will be authorized to submit the orders on the Distributor's behalf, after the Distributor's first acceptance of these General Conditions of Sale.

#### 1. Scope

- **1.1** These General Conditions of Sale shall apply to any supply of the Products carried out by the Supplier.
- 1.2 These terms of business shall apply exclusively to any Agreement entered into by and between the Supplier and the Distributor; any Distributor's conditions that conflict with or differ from these terms of business will not be recognized unless the Supplier has specifically agreed to this in writing.
- 1.3 These General Conditions of Sale and the Agreement shall be irrevocable for the Distributor.
- 1.4 In the absence of a written complaint of non-conformity by the Distributor within 30 (thirty) days from the receipt of the Products, the deliveries dispatched by the Supplier are deemed to be fully accepted, despite differing from what indicated in the order confirmation with regard to the Products' types, quantity or commercial conditions.

#### 2. Orders and Specifications

- 2.1 The range shown on the Supplier's web-site, "Web-Order" system and online or printed catalogue does not represent a legally binding offer but a non-binding online or printed catalogue.
- 2.2 The Distributor will order the Products required by accessing the reserved "Web-Order" area or via fax/e-mail. Submission of an order proposal by the Distributor implies the consent to receive the Supplier's communications described below which are exclusively aimed to the conclusion and the performance of the Agreement. No order submitted by the Distributor shall be deemed to be accepted by the Supplier unless and until confirmed in writing by the Supplier. Once the order proposal has been received,

- the Supplier will transmit his order confirmation to the Distributor at the e-mail address indicated by the Distributor that will be then assigned an Order Protocol Number to be used for any subsequent communication with the Supplier. Confirmed orders will be accessible through the Distributor's personal "Web-Order" area.
- 2.3 Any purchase order placed by the Distributor shall be intended as full and complete acceptance of the present General Conditions of Sale that the Distributor declares to have read and understood.
- 2.4 The Supplier reserves the right to refuse an order fully or partially according to stock availability, production capability and delivery date required by the Distributor.

#### 3. Prices, Invoice, Payment

- 3.1 Prices to be paid by the Distributor to the Supplier for the Products are those resulting from the Price List, as established by the Supplier from time to time. All prices are in Euro (VAT is not due, therefore not included) and can be subject to modification with a 15-day prior notice from the Supplier. All prices are intended for Products delivered EXWORKS "Incoterms® ICC 2010" (from our warehouse in Barbariga, Italy).
- 3.2 Invoices must be paid within their expiry date. In case one or more invoices are expired and remain unpaid, or the maximum exposure limit is reached or exceeded, the Supplier shall be entitled to suspend any further deliveries to the Distributor until the overdue payment is received in full. Payments received need to be confirmed by the Supplier's Bank, when credited on the Supplier's bank account.
- 3.3 In case of delayed payment or non-payment, without prejudice to any other right or remedy available, the Supplier shall be entitled to apply default interests on arrears as established by "Decreto Legislativo n. 231/2002" (Legislative Decree n. 231/2002) and expenses at the bank rates in force from time to time.

#### 4. Packaging and Shipment

- 4.1 A packaging cost contribution is charged by the Supplier in each invoice and calculated based on the number of cartons needed to contain and protect the Products during the transportation.
- 4.2 Transport is entrusted to third parties if not specified to the contrary from time to time. Shipments are not prepared on pallets unless specifically requested by the Distributor. The cost of the pallets, if used, is charged by the Supplier on the invoice to the Distributor. In any case, shipments will be at the risk of the Distributor, which will also incur all the relevant costs.
- **4.3** Transport obligations, costs and risks are transferred from the Supplier to the Distributor when the Products are at the disposal of the Distributor at the Supplier's warehouse.

#### 5. Delivery of the Products

- **5.1** The Distributor and the Supplier agree and acknowledge that the place of delivery of the Products is at the Supplier's logistic centre in Barbariga (BS), Italy.
- **5.2** No claim for missing or damaged Products can be accepted by the Supplier past 8 (eight) days after the delivery of the Products.
- **5.3** Time of delivery is not of the essence. The Supplier will do every effort to meet the delivery time requested by the Distributor in the order, provided that in no case the Supplier shall be liable for any delay that may occur in fulfilling accepted orders, except for its gross negligence or willful misconduct.

#### 6. Custom Duties and Licenses

- **6.1** The Distributor will be liable for import custom duties, if applicable in his Country, and for any other amounts payable in connection with importation and delivery of the Products.
- **6.2** The Distributor shall be responsible for obtaining any necessary import licenses, permits or authorization necessary for importation and delivery of the Products.

#### 7. Order cancellation

7.1 No order which has been accepted and confirmed by the Supplier may be cancelled by the Distributor except with the agreement in writing of the Supplier and on terms that the request for order cancellation shall be submitted by the Distributor before the start of the shipment preparation. In case the order is cancelled after the shipment preparation has started, the Supplier will be entitled to invoice to the Distributor the costs incurred by the Supplier.

#### 8. Property and Custody

- 8.1 Notwithstanding delivery and the passing of risk in the Products, the property in the Products shall not pass to the Distributor until the Supplier has received payment in full of the price of the Products and the Distributor has fully performed all of the terms and conditions hereof.
- 8.2 Before transfer of ownership, the Distributor will only be entitled to these Products with the prior written approval of the Supplier. If a third party seizes the Products, particularly if the Products are impounded, the Distributor must inform the Supplier immediately in writing and also point out to the third party immediately that the Supplier has proprietary rights.
- **8.3** Until payment in full of the price, the Distributor shall be liable for the risks related to the custody and preservation of the purchased Products.

#### 9. Returns

- **9.1** Products may be returned to the Supplier in case of shipping irregularities, defects at the source or caused by transport, defects falling within the warranty terms. Returns shall be previously authorized by the Supplier's competent office. No Products will be accepted for credit when returned without the written permission of the Supplier. No Products will be accepted for credit after 1 (one) year from the date of shipment.
- 9.2 Should the written permission be given the Products must be returned to the Supplier at the Distributor's costs, save where otherwise agreed. The authorization number released by the Supplier's competent office must be shown in the transport document together with the number of the original invoice concerning the item being returned.
- 9.3 The Supplier undertakes to withdraw or replace: a) Products erroneously delivered to the Distributor under the direct responsibility of its personnel assigned to shipments; b) original defective items/components, or items/components damaged by transport, provided that the defect has been denounced within 15 (fifteen) days from the receipt of the Products; c) defective items/components falling within the warranty terms.
- **9.4** Any returns not complying with the abovementioned conditions will be treated as a repair bill with application of the relative fares.

#### 10. Warranties and Liability

- 10.1 The warranty period is 24 (twenty-four) months and begins when the Products are handed over to the final user. Defects in the Products will be corrected by the Supplier after being informed of this by the Distributor within this warranty period, provided that the defective Products have been correctly used in a way compatible with the instructions contained in the Instruction Manual. The Supplier will decide whether to replace or repair the Products and inform the Distributor accordingly. In case of breakage falling within the warranty terms, only the component considered to be defective will be replaced, not the entire item. The Supplier shall have no further liability towards the Distributor.
- **10.2** Every claim must be notified by the Distributor to the Supplier using the Warranty Claim Form provided by the Supplier, with description of the fault and pictures showing and proving the claimed defect.
- 10.3 The Supplier shall be under no liability in respect of any defect arising from fair wear and tear, willful damage, negligence, abnormal working conditions, failure to follow the Supplier's instructions, whether oral or in writing, misuse

or alteration of the Products without the Supplier's approval. 10.4 If the complaint is unfounded the Supplier reserves the right to claim reimbursement of the costs incurred from the Distributor, if any.

10.5 The Supplier shall be under no liability under the above warranty (or any other warranty, condition or guarantee) if the total price for the Products has not been paid by the due date for payment.

10.6 Except in respect of death or personal injury caused by the Supplier's negligence, the Supplier shall not be liable to the Distributor by reason of any representation, unless fraudulent, or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the present General Conditions of Sale, for any indirect, special or consequential loss or damage, whether for loss of profit or otherwise, costs, expenses or other claims for compensation whatsoever (whether caused by the negligence of the Supplier, its employees or agents or otherwise) which arise out of or in connection with the supply of the Products or their use or resale by the Distributor, and the entire liability of the Supplier under or in connection with the sale of the Products shall not exceed the price of the Products, except as expressly provided in these General Conditions of Sale.

10.7 The Supplier shall not be liable to the Distributor or be deemed to be in breach of these General Conditions of Sale by reason of any delay in performing, or any failure to perform, any of the Supplier's obligations in relation to the Products, if the delay or failure was due to any cause beyond the Supplier's reasonable control.

#### 11. Distributor's Undertakings

11.1 The Distributor agrees and undertakes to sell the Products in his own name and on his own account. The Distributor shall have no authority to conclude agreements in the Supplier's behalf or to bind the Supplier towards third parties in any way. In the performance of his activities, the Distributor undertakes to act diligently, by maintaining an appropriate conduct in order to ensure compliance with the obligations arising out of these General Conditions of Sale and to preserve the quality and reputation of the Products.

11.2 The Distributor undertakes to sell the Products only within the Territory. In particular, the Distributor undertakes not to actively sell the Products in territories reserved by the Supplier to himself or to other distributors on an exclusive basis, however it being understood that the Distributor shall have the right to fulfil orders it has not solicited, even if they come from customers residing outside the Territory. In this regard, the Distributor declares to be aware that the Products subject to these General Conditions of Sale. as included in the Price List, are designed in accordance with the legislation in force in the Territory: it follows that the possible entry of the Products in markets outside the Territory may be in contrast with the laws of these Countries. In case of non-compliance with the commitments provided by this article, the Distributor assumes sole and full liability for any resulting damage and/or claim for compensation, thus totally declining the Supplier from any related responsibility. 11.3 The Distributor is free to determine the resale price of the Products, without prejudice to the Supplier's faculty to

recommend a non-binding price. The Distributor agrees to use his best endeavors to promote and sell the Products, also via e-commerce platforms, in line with the Supplier's qualitative standards, in a way capable of preserving the value of the Trademarks and the technical features, prestige and reputation of the Products.

#### 12. Use of Trademarks, Confidentiality, Promotional activities

12.1 The Distributor acknowledges that the Trademarks and other related rights are the sole property of the Supplier. Therefore, the Distributor acknowledges and accepts that only the Supplier is entitled to apply for registration of the Trademarks or of the correspondent trade names, and undertakes not to register in the future any trademark or trade name which may be considered similar to any of the Supplier's Trademarks or trade names to the extent that it may create confusion among the customers.

12.2 The Distributor undertakes to immediately bring to the notice of the Supplier any improper or wrongful use of the Trademarks or infringement of the Supplier's industrial and/or intellectual property rights, as well as any act of unfair competition.

12.3 The Distributor undertakes to observe total confidentiality and to abstain from using and/or divulging, also after termination of the Agreement, any commercial secrets and information of a confidential nature concerning the Supplier and the Products, exchanged during the contractual relationship between the Supplier and the Distributor.

12.4 The Distributor shall submit to the Supplier all promotional-advertising initiatives regarding the Products for his prior written approval. In any case, any advertising or promotional operations – including attendance at fairs and exhibitions – must be submitted to the Supplier in advance to assess their compatibility with the Supplier's sale and image policy.

#### 13. Termination of the Agreement

**13.1** The Supplier may terminate the Agreement with immediate effect by written notice to the Distributor, in the event of violation of any of the following provisions: 3.3; 8; 10: 11.2: 12: 16.2.

13.2 Any relaxation, leniency or indulgence which the Supplier may extend to the Distributor shall not in any way constitute a waiver of the Supplier's rights in terms hereof.

#### 14. Data protection

14.1 If it has not been agreed to the contrary, the Supplier will only use the Distributor's data in order to carry out the Agreement. The Distributor's permission is required to use this information for market and opinion research and for advertising.

#### 15. Term

15.1 These General Conditions of Sale shall be effective as of the date of signature by the Distributor and they will apply to any subsequent transactions between the Supplier and the Distributor.

#### 16. Miscellaneous

**16.1** Changes and amendments to these General Conditions of Sale must be in writing to be effective. There are no verbal secondary agreements.

16.2 If it has not been agreed to the contrary, the Distributor may not transfer rights and obligations derived from the Agreement to a third party without the Supplier's prior written consent.

**16.3** If any provision of these General Conditions of Sale is or becomes invalid or unenforceable in whole or in part, the other provisions and the remainder of the provision in question shall not be affected. The contractual partners will agree to replace the invalid provision with a valid one that best corresponds to the economic aims of the contractual parties.

**16.4** The present General Conditions of Sale and the Agreement are governed by the laws of Italy.

16.5 The competent courts of the place where the Supplier has his registered office (Brescia, Italy) shall have exclusive jurisdiction in any action arising out of or in connection with these General Conditions of Sale and with the Agreement. However, as an exception to the principle here above, the Supplier is in any case entitled to bring his action before the competent court of the place where the Distributor has his registered office. Should the Distributor have his seat out of the EU, all disputes arising out of or in connection with the present General Conditions of Sale shall be finally settled under the Rules of Arbitration of the Chamber of Arbitration of Milan by one or more arbitrators appointed in accordance with the said Rules.

#### Final Provisions

(a) The Supplier is under no responsibility in respect of completeness, correctness and updating of the Price List and the catalogues;

**(b)** The Supplier reserves the right to modify, add or remove any of the represented Products without any prior notice;

(c) Notwithstanding the Supplier's performance of tests and safety controls over the Products, the Supplier cannot guarantee compliance of the Products with the prescriptions or installation limits actually or potentially provided by the laws of certain Countries. It shall therefore be in the Distributor's exclusive liability to verify the conformity of the Products and of their installations to the laws of his Country or any other Country, thereby declining the Supplier from any related responsibility.

**(d)** Installation of our specific articles for motor vehicles is guaranteed only if the vehicle is not provided with after-market accessories or original optional accessories of the production company.

#### GIVI S.P.A. VIA UNGARETTI, 48 – 25020 FLERO (BS)

The solutions photographed in this price list are examples of the range and KAPPA representative only. KAPPA reserve the right to modify wholly or in part, to add or remove products without prior notice.

Check the traffic laws of your own country before using the stop-light kit on pubblic roads.
